This certificate is issued pursuant to Section 14s and 17 of the Consumer Product Safety Act as amended by the Consumer Product Safety Improvement Act of 2008. The Consumer Product Safety Commission has adopted regulations for certificates which can be found at 16 Code of Federal Regulations 1110.10

This certificate confirms that the Product has been tested under a reasonable program of testing (including testing by a certified third-party laboratory where required) and that the Product complies with all Federal and state consumer product safety rules, bans, standards or regulations applicable to the Product. This certificate accompanies the Product and is also available from the contact referenced above. The information set forth herein is presented in good faith and is believed to be accurate and correct as of the date hereof. If any information contained herein changes, if any products are added to the list of products sold to Quidsi, Inc., if the raw materials or composition of any of the Products listed herein is changed, or if the method or place of testing of such Products is changed (including a change in the third party laboratory or its accredited status) this certificate must be updated and provided to Quidsi, Inc., but in any event no less than once per year. Some Product tests may be completed on a voluntary basis, where specific safety or other rules, standards or regulations may not otherwise strictly apply.
